

# Join our seminar

## ICELL8® cx: The open platform for single-cell genomics

Room 612 (ground floor)  
LIFE & BRAIN Building 76  
Sigmund-Freud-Straße 25

14:30  
Tuesday, April 02

*Refreshments will be available after the talk!*

### SPEAKER:

Dr. Nico Dunkel  
Automation Specialist  
Takara Bio Europe

### HOST:

LIFE & BRAIN GmbH

ICELL8® cx—The open and high-throughput platform  
for single-cell genomics

- Isolate, visualise, select & process 1,000+ nuclei or cells of any size
- Full-length RNA-seq powered by SMART-seq chemistry
- Transcriptomics, genomics and epigenomics applications
- Develop your own single-cell genomic assay

Clontech **Takara** cellartis
