

Seminar

Cheri Sirois

Editor, Cell Reports

INSIDER TIPS FROM AN EDITOR

Ever wonder what the journal editors are thinking? Here is your chance to find out. The talk will cover the basic process of submitting and publishing papers at Cell Press journals, transfers between journals, and how to best re-

spond to reviews and editor correspondence. There will be plenty of time to get answers to your questions about publishing in general and about Cell Reports in particular, and the talk is suitable for scientists at all levels.
